GOING BEYOND LUSTRE AND UNIQUENESS

Drawing inspiration from Sri Lanka's diversity in beauty; FACETS 2023 Premier Edition builds on its reputation as a premier Gem and Jewellery exhibition in the Asian region, with a modern outlook and message for the new decade.

Some of the world's finest and most attractive coloured stones are found within our island paradise. Their rare nature and distinctive qualities are reflected in the amazing natural and cultural diversity the country holds. It is this link between gem and geography; that enables us to elaborate the value presented through FACETS as being unique and unmatched. Well into the new millennium, the love for our precious stones has only increased with the arrival of a new generation of consumers. Their preference towards authenticity and exclusivity, will only contribute to further industry growth.

Supported by both state and private bodies; the 30th edition of this much anticipated gem and jewellery show presents collections from around the world to a vast attendance of international trade visitors.

OUR VISITOR PROFILE

The FACETS 2023 Premier Edition will be attended by numerous stakeholders that range from high-profile trade buyers to gemstone and jewellery importers, wholesalers, manufacturers, retailers, and collectors; representing private interests as well as leading corporations from around the world.

THE FACETS EXHIBITION

While being first and foremost a platform to promote the trade of gems and jewellery; FACETS 2023 Premier Edition also creates business opportunities for supporting products and services that directly cater to industry needs.

FEATURED AT THE EXHIBITION

Gem dealers, lapidarists, wholesalers, & exporters

Jewellery manufacturers, exporters, & retailers

Diamond manufacturers & wholesalers

Laboratory & certification services

A PARADISE FOR BUYERS

FACETS 2023 Premier Edition provides access to a variety of gemstones that cover all quality grades and variations in appearance. The product offerings are upheld to the highest international standards; forming a value proposition that is uncompromised in quality, and complemented by a sense of authenticity that is uniquely Sri Lankan.

THE PRODUCT OFFERING

What we showcase at FACETS 2023 Premier Edition boasts anything and everything related to gems and jewellery.

PRECIOUS GEMSTONES

Gemstones that are precious and exclusive; ranging from blue sapphires, to multi-coloured sapphires, rubies, star sapphires, cats-eyes, alexandrites, and diamonds

SEMI PRECIOUS GEMSTONES

A selection of over 50 varieties of semi-precious gemstones that include moonstones, topaz, spinels, garnets, and amethysts

JEWELLERY

Gold, white gold and silver jewellery (including both gem-studded and diamond-studded jewellery)

RARITIES

Rare finds such as exceptionally unique gemstones, rough gemstones, calibrated gemstones, and precision-cut gemstones for watch manufacturing.
